Copperheads Threaten Civil War

The traitorous sheets published in some of the Northern States have adopted a new and rather ingenious mode of conveying to the world what they intend to do if the people of the loyal States in their sovereign capacity, outvote them at the polls next November and thereby sustain the Union and the Administration by a continued and vigorous prosecution of the war The Marysville *Express* a journal devoted to the cause of Jeff Davis and the hosts of perdition a paper which cannot tell the truth in favor of the country or the Government publishes what purports to have been drawn up and seriously considered by the Republican members of the last Congress, but which in fact is an invention to communicate the general features of their proposed course and one of the first wedges to lay open in a public manner their hellish schemes So soon as the public mind becomes reconciled to these propositions we shall no doubt find the enemies of our country advocating through their columns the inauguration of civil war unless the only candidate who will ensure their defeat is withdrawn If the Democrats cannot elect their Presidential candidate, they will carry out a second time their true modern principles They will revolt rather than be governed by the majority They will do in the North as they have in the South—providing they have the power They are pledged and armed to co-operate with their brother traitors for the destruction of republican government and in the following falsely accredited document foreshadow the purposes of their party Let every man read it, compare it with the doctrines advocated by every traitor in the North, and see whether it be not consistent

If the Republican party persist in naming him for the next Presidency, they may prepare to submit to the election of the Chicago nominee or a bloody revolution at the North The Democratic party intend to nominate a candidate whom they mean to elect or they will fight

For this purpose they have postponed their Convention in order to unite the entire opposition

So great is the hostility to Lincoln that in some localities it is, even now, difficult to repress an outbreak

The failure of the military campaign this summer, and the consequent draft which must necessarily follow, will make this hostility general, and will render it easy for the Democratic leaders to excite the people to resist Lincoln's re election

He having become a formal candidate is bound to concede the right of the opposition to contest his claims for the right of election necessarily implies the right of free discussion

The opponents of Lincoln will carry this right to the most extreme limit They will magnify his unconstitutional acts, all his usurpations of power all the calamities of this war and its fruitless results, and charge upon him the probable loss of the liberties of our country They will persuade the people that it is their duty to take the Government from the hands of Lincoln to save the country and constitutional liberty He dares not arrest them no matter what they may say for this would throw the responsibility of commencing hostilities upon him and he has not the means to suppress them He cannot withdraw a sufficient force from the army without rendering the loyal States liable to invasion by the rebel armies If Lincoln continues to run we will have to accept the election of a Democrat, or civil war in the North

It would be wisdom on the part of our patriotic leaders to call a Convention to consider the condition of the country, to meet, say the first week in September

In the meantime, to prepare the public mind to demand a change of candidates

Lincoln from his natural cowardice might be made to take the initiative in this movement

A few Senators and members, by a resolute and belligerent tone might frighten him into the issuance of a proclamation, withdrawing from the canvass himself and Johnson The later is not an eligible candidate, being in the judgement of a large portion of the Republican party, an alien enemy

It would probably be better if Mr Lincoln could be induced to resign his office as under the fresh administration of Mr Hamlin, against whom there is no prejudice and who is both able and popular the country might revive

Mexican Intelligence —We clip the following from the *Bulletin* of August 18th

By the arrival of the *St. Louis* we are in receipt of advices (from Mexican sources) from different portions of Mexico

The French forces under L'Herriller consisting of 1 500 men occupied the city of Durango on the 3d of July—the Mexicans withdrawing their forces on the approach of the French Since that time the Mexicans had made several *sorties* upon the French in the city and cut off their communications. At last dates Gens Patoni and Covodo with 2,000 Mexicans, were advancing towards the city

News from Guadalajara, dated July 14, states that Gen Uraga had received orders from President Juarez displacing him from the command of the Mexican forces and appointing Gen Artega in his stead he (Uraga) to report himself at Monterey for further orders At the latest dates, he was said to be at Leon on his way to Monterey If this be true the reports of Uraga having joined the French would appear to be false

The French forces occupying Acapulco are in a desperate condition no fresh provisions being in the city nor any allowed to pass through the Mexican lines The consequence is that over one-half of the garrison are in the hospitals and are dying at the rate of five or six daily There had also been a great deal of mortality among the people who remained in the city Gen. Alvarez's forces were keeping in the outskirts of Acapulco and constantly during the night time, harrassed the French outposts.

From the Santiam Mines —The following items are from the *Statesman* of the 25th

Those who arrived from Quartzville yesterday brought specimens richer than any yet discovered Among them there are several specimens of quartz that are more than half pure metal There is also a large amount of dust gathered from pockets and crevices and decayed places in the main lead The lode from which those were taken, the White Bull, is increasing in width as the tunnel goes down, and now, at the depth of 20 feet, it is 5 feet wide The actual value of the specimens of which we speak weighing perhaps three or four pounds is placed at over $300. Old miners from different parts of the world, pronounce these specimens the best they ever saw

No dispatch or "regular correspondence from Quartzville to-day Communication cut off by the red men of the forest

From Canyon City —The stage got in yesterday two and a half days from Canyon City The most important item of news is a report that Capt Drake had succeeded in surrounding a band of Snakes somewhere in the Crooked river country The report is that he had captured from the Indians 400 head of horses, and had sent to Capt Caldwell for reinforcements Capt Olney informs us that a somewhat similar story was current a few days before he started in, but was not credited In a day or two, most likely, we shall hear further in regard to this matter —*Mountaineer* Bull. ist

PORTLAND Aug 17 1864

C H Brackett Esq Agent for the National Freedmen's Relief Association in Oregon—*Dear Sir* —The undersigned members of the State Committee for the National Freedmen's Relief Association in Oregon would take pleasure in thus expressing their unqualified approbation of the able and efficient manner in which the claims of the Commission which you represent have been presented by you to the people of this State We feel no hesitation in saying that your efforts in this behalf laborious and persevering as they have been considering the unfavorable circumstances under which they have been prosecuted, been eminently successful in awakening our citizens to a proper appreciation of the great philanthropic cause of the National Freedmen's Relief Association

And believing as we do, that the ball thus set in motion will continue to roll on through all our fertile valleys and over all our golden mountains, until it rolls up its thousands for the relief of the indigent throng of unhappy black and white men women and children of our afflicted land in whose behalf these efforts are being made we would subscribe ourselves very respectfully your co-workers in this great cause of humanity A C GIBBS Pres't
Geo H Williams G H Atkinson, H W Corbett G Shindler S Cornelius, jr Committee

PORTLAND, August 2 , 1864

Gentlemen —Your note of the 17th inst was handed to me to-day. I receive with pleasure your approval of my action as Agent of the National Freedmen's Relief Association for Oregon

Having recently visited various sections of this State seen the rich valleys and hill sides adjoining the Willamette for over a hundred miles and passed up the far famed Columbia river the same distance, intimately associating with the people I am prepared to say that a higher—truer appreciation of the just claims of the Freedmen is arising in the minds of your fellow-citizens, and that aid for the race so long neglected will be induced The American people in the past have been schooled by the slaveholding interest in reference to the Africans the result is seen in prejudices unworthy of our intelligence, and which in the light of freedom and a purer civilization we must unlearn A class of politicians and preachers, few in number who have in the past been the defenders of slavery, seem now equally slow to see the just claims of both white and black refugees, which are [illegible] responded to by this Association at this time

The General Conference of the Methodist Episcopal Church for the United States, in its recent noble action for this cause affords a beautiful example for all Christians in this, as other sections

The hundred and twenty thousand colored soldiers in the field wearing the uniform carrying the arms and aiding to maintain the flag of our common country and the fifty thousand otherwise employed in our land and naval service, admonish us that we have duties to perform towards the race that furnished heroes at Port Hudson, Wagner, Vicksburg Milliken's Bend, and upon the never to be forgotten bloody field of Fort Pillow

The policy of our Government in favor of the freedom of the race is fixed, as a military necessity No steps backward will be taken; and we know that four millions unite with the approval of all christendom Come up from the poverty and woe of Slavery to the rich blessings of freedom

Permit me to say, gentlemen that your efforts in behalf of this cause, will be remembered in the future and approved by a Nation now rising to the highest elevation of justice in behalf of the oppressed

With sentiments of respect,
Yours, very truly

The Rebel Vote Again

UPPER TOUCHET PRECINCT
WALLA WALLA CO , Aug 22, 1864

EDITOR OREGONIAN

Having read the statement written by Mr I C Bond and published in your paper of the 19th of July, headed "A rebel soldier votes in Washington Territory" and also seeing that the *Washington Statesman* has volunteered to deny the charge, we deem it necessary in justice to Mr Bond and the Union cause to say that he gave a true statement of facts that did transpire before the polls at the late election in this precinct We being the clerks of the election and hearing the challenge made by Mr Cox and disposed of by the other two judges consequently we know the statement to be true We will give an instance that transpired in the mean time There was a young man a voter by the name of Frank Atkinson who for two years had been a Lieutenant under Corcoran on the Potomac served a time with his Colonel in the Libby prison and now carries the enemies lead in his body and bayonet scars upon his person—this man almost an invalid stood before the polls contending against the claimed right of this Confederate soldier to vote and yet these two Democratic judges like Buchanan when the Government was being betrayed into the hands of its enemies could see no right or power under the Constitution or Laws to prevent it

Respectfully yours,
THOS G TICER
ALMIRON DAGGET

The Brave East Tennesseeans —My countrymen ! my heart yearns toward you I love you I have climbed yonder mountains that you have climbed—yonder mountains rock ribbed and glowing in the sunshine—in whose gorges in whose caverns your sons hunted like wild beasts have fallen to rise no more I do not speak of these things to draw your tears It is not time for tears but for blows I speak of them that I may fire your heart with indignation and nerve your arms for unconquerable fight And I speak of them because the mountains seem to talk to me My home is among the mountains and though it is not far away I cannot go to it It is the place where I met her and loved her and married her who is the mother of my children Do I not love the mountains then And if liberty is to expire if freedom is to be destroyed if my country, in all its length and breadth is to tremble beneath the oppressor's tread let the flag the dear old flag the last flag be planted on you rocky heights and upon it let there be this inscription Here is the end of all that is dear to the heart and sacred to the memory of man — *Andy Johnson's Speech at Knoxville*

Who Struck Billy Patterson?—The friends of Weller have telegraphed to the Secretary of war to ascertain whether Weller's arrest was ordered by him or General McDowell The chivs are probably going to hold either gentleman personally responsible The rascals want to play the farce of Seymour and Dix The Secretary of War on receipt of Weller's attorneys dispatch did not hurry himself about answering—and it is possible he may utterly refuse to hold correspondence with rebels —*Appeal*

SPECIAL DISPATCHES TO THE DAILY OREGONIAN

LATER FROM THE EAST.

Dates to August 23.

New York Aug 19 —The Raleigh (N C) *Confederacy* says

Gen S D Lee recently arrived at Atlanta from Mississippi with a large number of reinforcements who participated in the late battle

Intelligence had been received here stating that since the departure of the pirate *Tallahassee* from Wilmington seven more steamers of a like character have arrived and are now receiving an armament with a view of attempting to run the blockade

The North Carolina *Times* says that the Holden men have a majority in the Legislature

The citizens of North Carolina desire peace at all hazards

At Kingston men were imprisoned for voting for Holden

The N Y *Herald* says

Headquarters Averill's cavalry in the field August 22 8 a m —Heavy skirmishing heavy yesterday by a portion of Sheridan's line Our loss is between 100 and 200 killed and wounded the enemy's the same

There was heavy firing this morning on the Berryville road and the Smithfield pike The enemy's main force is concentrating on our right and seems inclined to fight

3 30 p m —Heavy firing was heard in the direction of Charlestown and it was supposed that an engagement was going on

There was a small skirmish at Dam No 4 on the Potomac and the rebels were driven back with loss

We held Martinsburg till 2 p m yesterday when the rebels entered Harry Gilmore's command in advance During the night we drove them back Up to this time no rebel force has crossed the Potomac between Williamsport and Harper's Ferry

New York Aug 23 The *Herald's* special from Strawberry Plains the 20th says

Hancock having accomplished his object the second expedition on the north side of the James was withdrawn His command and part of his forces have already recrossed the river Birney commanding the 10th corps conducted the withdrawal of his corps The operations in this vicinity reflect great credit on all concerned

The Richmond papers say

Petersburg, Aug 19 —At 7 o'clock this evening arrangements being complete, our forces attacked the front and flank of Warren's corps which had temporary lodgment on Weldon railroad two miles below here driving them back two miles capturing 2 000 prisoners including Brig Gen Hayes and a number of stands of colors

The *Tribune's* correspondent says

At the left in front of Petersburg Sunday Aug 21 8 a m —I have just time to say this morning that our forces hold their position on Weldon railroad good and strong The 2d corps and other forces are arriving from the extreme right This being the vital point to the Confederacy, a grand and desperate conflict is momentarily in expectation

New York, Aug 22 —The increasing demand from abroad for Government securities, and hence a number of foreign houses have on hand large orders for 5 20 s 10 40 s are also reported as likely to be in demand for foreign markets We learn that at present the foreign orders for national securities amount $1 000,000

Cairo, Aug 22 —The steamer *Courier* was burned to the water's edge here this evening valued at $50,000, insured for $25,000 The cargo is a heavy loss to the Government

Cincinnati Aug 22 —The morning papers publish telegraphic extracts from Union League correspondence at Indianapolis The largest outdoor meeting ever held there was held last night at which resolutions were passed declaring that the charge that the Union party intend to use military power to prevent a fair election as a slander upon all Union men

A special dispatch from Nashville says that Wheeler struck the Knoxville and Chattanooga road, between Hiawassee and London destroying communication for a time but doing no serious damage Steadman driving him towards Knoxville where Gen Carter has force in front

Baltimore Aug 23 —The following is published in the *American* this morning the substance of which the Censor would not permit to be transmitted last night.

Harper's Ferry, Aug 22 —A brisk engagement occurred yesterday two miles beyond Charlestown between the Army of Western Virginia and the rebels in Shenandoah Valley The battle commenced at 8, a m by a heavy column of rebel infantry and cavalry attempting to pierce our front at Summit Point After a sharp, decisive struggle our skirmishers were compelled to give way

The first division of Gens Wilson and Torbett's cavalry corps were engaged and reinforced heavily The object of the movement was for the possession of Martinsburg At the same time there was a movement made against our extreme left but suddenly a body of rebels appeared in front of our right consisting of the 6th 8th and 9th corps A short and determined battle took place The 2d division lost heavily—300 wounded and 60 to 70 killed and missing Our right drove the enemy over a mile, and then fell back to our old line until 10 o'clock when our whole army retreated towards Hallstown, where they now are in a close line of battle

Rumors are afloat that the rebels are crossing the Potomac at Martinsburg

Fortress Monroe Aug 23 —A steamer from City Point brings intelligence that the rebels are making desperate efforts to retake the Weldon railroad which have so far been unsuccessful We now hold it firmly and it is believed the rebels cannot dislodge us

Fort Kearny, Aug 22 —Maj Gen Curtis has arrived here to day to straighten up the Indian Affairs

The Overland Stage Company have removed all their agents, stock and coaches to this post for protection There is not a white inhabitant between here and Denver All have fled to this post for protection The country around Denver is reported swarming with hostile Indians

The road between here and Omaha is almost entirely deserted by the whites except at two fortified posts Columbus and Fort Curtis

Gen Curtis had a conference with the Chiefs of the Pawnee tribe who have agreed to assist him in fighting the hostile Indians There has been no exaggeration in the telegraphic news from this country about the Indians

Headquarters Army of the Potomac Aug 21 —This morning the enemy made a vigorous attack on the 5th corps, on the left of the Weldon railroad at the same place where they were partially successful on Friday To day they met with a different reception. Our line was formed about the same as on that day

During Saturday our men had strengthened the breastworks which had been temporarily erected besides throwing up others Early this morning a heavy cannonading was opened by the enemy from their works towards Petersburg Our guns replied briskly, neither party however doing particular damage About 7 a m a force of the enemy was moved as if to attack the 9th corps, when a few well directed shells sent them out of sight Shortly after a column of rebels emerged from the woods to the left of the railroad and charged on what they thought was our left flank but which proved to be the left of Ayres' front The rebels advanced in fine style with the utmost confidence evidently thinking that the work before them was easy They were surprised on discovering a second line behind extending to the left of the 1st division from which a row of bayonets glistened with batteries on the left and right pouring their fire into their ranks at every discharge leaving large vacancies in their line They soon retreated—a large portion surrendering The troops making the charge were divisions of Carolinians and Mississippians under Hood and Bushrod Johnson of Hill's corps Among the prisoners are 1 Col 3 Lt Cols 37 Capts and Lts. Our loss in killed and wounded about 150 The rebel loss was from 500 to 600 killed Gen Hagood commanding the assaulting party, was seen to fall from his horse and is believed to be killed His body lies between the lines covered by the sharp shooters of both sides and neither got possession of it

There has been desperate rioting in Belfast Ireland

A Prussian decree partially reduces her armies to a peace footing

HORSE SHOER—STAR SHOP!
NO. 1 FRONT STREET, PORTLAND.
ONCE upon a time both a Saddler and a Blacksmith were required to work upon a Horse but now the boots are done away with, and the Saddler is required no more. And not long ago Missourian Shoeing was very prevalent in this city but now it is done away with because the best of judges pronounce it to be only fit for Cayuse Ponies and not for American Horses,
Having had great experience in the line of HORSE SHOEING, gentlemen favoring me with a trial can rely upon having their work executed in the best workmanlike manner and upon the most reasonable terms

AS A SPRING REMEDY to purify and cleanse the Blood leaving it free from all humors and impurities we assert with confidence that there is no better remedy than SCOVILL'S BLOOD AND LIVER SYRUP

BOILS.
WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils and they have been found to be from that time to the present, the most troublesome and painful of visitors We have known instances where individuals were sure to have these eruptions break out upon them once a month at least They show an impure state of the blood and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils Now is it not best at once to purify the system? Do you ask what will do this? We answer, **Scovill's Blood and Liver Syrup** it is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures

The Quartzville Raid —We are in receipt of a letter from the Capital giving a full and explicit account of the recent Indian raid on Quartzville, and several other humorous items We have not room the present issue to print the entire letter, but as the evacuation of Quartzville has many features of interest to our citizens, we will let our correspondent tell his own story The letter bears date Salem, August 25th I propose in a few brief sentences to endeavor to relieve the minds of our Portland friends of fears relative to the safety of the Santiam mines generally and the White Bull lode in particular by a surmise that the Snake Indians—(so miraculously left bound in this morning's OREGONIAN)—were only a few of Agent Logan's Warm Springs Indians, who in the course of their summer burying excursion found themselves in Quartzville, and who most certainly would never have been seen by the Quartzvillians, had they had any evil designs towards that interesting and important locality This surmise is based upon their use of the Spokane language and their own word that they came from the Warm Springs Reserve which by the by, can not be over ten miles from the mines, as it extends to the summit of the Cascades range At any rate, the DAILY was correct in stating the principal facts and the "demoralized" crowd just returned have been victimised considerably for their double quick night march This evening a meeting is called to raise men to return and recover possession for as the Indians left bound would not naturally [illegible] from that fact and from the loss of a pony, as well as of all their weapons feel very amiable Besides, there was a fair supply of whisky in camp liable to be used by them whenever released from their durance vile, and as whiskey and Indians don't mix to good advantage, it is not certain what condition Quartzville may be in by this time

Address of Dr. Bellows —The address of the President of the Sanitary Commission, at the M E Church in this city last evening was listened to by an immense audience, with the most profound attention His explanation of the purpose and operations of the Commission and his defence of its agents against base imputations were admirable The closing sentences of the address were full of matchless and patriotic eloquence and were received with most hearty and deserved applause In accordance with Dr Bellows plan for systematizing the work of the Commission on the Pacific Coast at the suggestion of Mr Holbrook it was voted to call or name the following gentlemen to act as a Central Board of Management for the Auxiliary Branch of the Sanitary Commission, for the State of Oregon H Failing F D Shattuck C H Lewis H W Corbett John McCraken A M Starr, O B Gibson P C Schuyler, Jr They will have charge of the interests of the Commission and can take such measures for promoting the work effectually as they may deem expedient They deserve the public confidence and we trust they will not be met by any obstacle to harmonious action A contribution was taken up which amounted to about $400 00 in currency—making, with the gift to Dr Bellows on his arrival, over $7,000 00 as this week's donation from Portland

The Brick Trade —The past season has been one of unusual activity in the manufacturing of brick from clay and sand in Portland, which have met with extensive sale in the city to say nothing of the [illegible] most [illegible] Columbia [illegible] drawn largely upon [illegible] good quality [illegible] the word [illegible] The [illegible] Portland is not confined to clay and sand [illegible] careful a few years since [illegible] legislative reports making a Barker—a member of the Assembly—appear under the head of [illegible] *Make* would now aptly [illegible] their business In a measure, the [illegible] and business men have turned [illegible] and notwithstanding the [illegible] tend ed to be cast upon our [illegible] ers the raw material continues [illegible] upon them, and the yield of gold and silver bricks is astonishing The makers of [illegible] enjoy an enviable reputation for honesty, a secret of their success in the business

Purchases for Kootenai —We had a conversation yesterday with a gentleman from Kootenai, who is in the city making purchases for that new mining country and [illegible] of the same region He [illegible] the most flattering accounts of the mines [illegible] new discoveries are being made [illegible] 1 000 to 1 500 people in the mi[illegible] were looked [illegible] seemed to be that upon their arrival [illegible] be more or less divided All the [illegible] been opened were paying largely [illegible] on Finlay creek the principal one in [illegible] taken out solid chunks worth from 10 to 50 A tributary of the Kootenai called the [illegible] had been reported to contain pay dirt that prospected from $5 to $8 to the pan but our informant had nothing authentic from the new discovery before his departure We are positive the mines [illegible] and perhaps excel them A pack train of 100 animals left Wallula on Monday last loaded for Kootenai and the goods now in this city awaiting shipment for that section will follow the same trail The boats of the O S N Company now land supplies for that region, at Wallula.

A City Stable —Would it not be a pious idea for the city to erect suitable sheds on Front street and in other prominent localities and charge a bit a head for horses and oxen kept feeding during the day while the owners go about town to do their trading? The revenue thus derived could be applied to cleaning up such places while under the present system that work is left undone. A dozen or twenty teams are almost daily left out in the sun, feeding from wagons on the business streets of the city, and it is time there was some method of reform adopted in the matter of such a nuisance

Christian Commission —Rev Dr Patterson's lecture at Oregon City was attended by a full house who listened with increasing interest for three hours to his views and narratives of soldier life sufferings and wants. Two hundred dollars in currency were contributed to the Christian Commission A general desire was expressed to hear him again A pleasant coincidence occurred in his meeting a citizen soldier who fought under Kearney at Fair Oaks and who was wounded at Gettysburg He warmly testified to the need and value of the Christian Commission work

Public Speaking —Hon J H D Henderson Congressman elect will address the citizens of this county, at the Court House in this city this evening on the political issues now before the country Mr Henderson has buckled on his armor to do battle for Lincoln and Johnson and we feel warranted by the canvas he made last spring in saying that he will make a gallant fight against the enemies of republican liberty Let us give him a full house and a hearty welcome

North Pacific Times —A Tri Weekly paper, with the above title, will make its appearance at New Westminster, B C , on or before the 1st of October next Mr Parsons the proprietor paid us a visit last evening from the *Sierra Nevada* He is *en route* to San Francisco, for the purchase of materials

Select School —Miss Hodgdon will commence a new term of her school on Monday next, at the new school building corner of Columbia and Fourth street This school is pleasantly situated, in a fine part of the city, and the discipline is well calculated to recommend it to the patronage of the community

Scrimmage Among the Fancy —The usual quiet in the neighborhood of Second street the corner of Morrison, was a scene of much confusion yesterday originating from a hand to hand scrimmage among parties in one of the adjoining tenements The case will come before the Recorder

Councilman Elected —Previous to the adjournment of the Council on Thursday evening J J Hoffman was chosen to fill the vacancy occasioned in the Second Ward by the resignation of Councilman Goodnough on the 21st ult

Setting the Stakes —Surveyor Burrage was out with his instruments yesterday locating the corners and setting the stakes for property holders to govern themselves by in street improvements

The California steamship will leave for San Francisco this evening

NEWS FOR KOOTENAI —We had a conversation yesterday with a gentleman from Kootenai, busy making purchases for that new mining country and paying for them with the dust He gives the most flattering account of the mines there and says that new discoveries are being made There are from 1,000 to people at the mines The English authorities looked for and the anticipation seemed to be upon their arrival claims would be more or less All the claims that had been opened were largely men working on Finlay creek the at the mines had taken out solid worth from $10 to $40 A tributary of the called the Yack, had been reported to contain dirt that prospected from $5 to $8 to the but our informant had nothing authentic from new discovery before his departure We are the mines will equal Boise and perhaps exceed A pack train of 100 animals left Walla Walla last loaded for Kootenai, and the goods in this city awaiting shipment for that section the same trail The boats of the O S company now land supplies for that region, at

WHAT A SOLDIER CAN SAVE.—A private in the Thirteenth Maine Regiment had on the allotment roll $10 per month reserved to be deposited in the savings bank, reserving only $3 per month to spend for himself. After twenty months pay, the allotment was discontinued. Two hundred dollars therefore were deposited. Out of $3 per month, and by taking what money is allowed if clothing is not drawn, he managed to save and send home at one time $25 for a watch and some other things, at another time $21 to be forwarded to his father in Nova Scotia. Within a few days $250 have come by express to be also deposited in the bank. The State and city bounties for re-enlistment are yet to be paid, which will swell the sum, with interest accrued, to upward of $750. At the close of the war, at this rate, he will have a big pile for himself. We commend this example for the imitation of all others of our brave soldiers in arms for the defense of our country. Economy and good habits are the secret of all this. Neither tobacco nor liquor has been used by him.—*Portland (Me.) Press.*

WHY REBELS ARE CALLED "JOHNNIES."—In 1861, the Federal soldiers called the rebels "Secesh," in 1862, "Confeds," in 1863 "Graybacks," and in 1864 they called them "Johnnies." A correspondent gives the following information about the origin of the last named *sobriquet*. The name of Johnny originated in a quarrel begun between a couple of pickets, which begun by the Federal telling the rebel that they (the rebels) depended on England to get out of this scrape, which the rebel denied emphatically, saying they were able to scrape themselves out. One word brought on another, until the Federal said that his opponent was no better than a Johnny Bull anyhow. The reb swore he would shoot Yank if he called him a Johnny Bull again. The quarrel was stopped by another picket, and they soon cooled down, but the reb kept muttering, "I'd as soon be called a nigger as Johnny Bull."

ACCIDENT IN A COAL MINE.—A dreadful accident occurred at the Phoenix colliery in Pennsylvania, July 23d, which resulted in the instant killing of twenty-one men. They were on a slope car coming out of the mines from their day's work, and when near the top of the slope, the chain broke, letting the car run back a distance of six hundred feet on a slope of seventy-five degrees, killing all who were in the cars.

There is a new mania for frog eating in Chester county, Pa. A village paper there says, "At the Mansion House restaurant, on Saturday evening, July 20th, seven dozen and nine frogs were sold at 10 cents a head. Some of the citizens of the borough, who seldom ever went fishing before, can now be seen, gun in hand, on their way to the frog fields. We suppose snakes will soon become equally as French, if some one will only make the start. Several gentlemen have killed as high as 41 frogs in one morning.

Vallandigham characterizes the policy of the Peace Democrats, who hesitate about denouncing the war and insisting on immediate peace, says the *Flag*, as "weak and cowardly." He refuses to stump Indiana for the party, because they "have shrunk from assuming strong ground" against prosecuting the war for any purpose, upon any plan, or under any pretence.

MACKEREL FISHERY.—The Gloucester (Mass.) *Advertiser* reports the arrival of the schooner *Arcturus*. This is the first arrival of the season, and other vessels are reported on their way home with good fares. The mackerel, being of the early catch, are not very fat, but there being a good demand, they readily sell at good prices.

Crests and cyphers are now placed upon every thing that can be marked, even such as umbrella handles, flounces, linen, studs, sleeve-buttons, combs, bracelets, etc.

Oregon State Sanitary Fair.

To the Citizens of Oregon:

It is proposed to hold a Sanitary Fair at Salem during the State Fair commencing on the 27th of September next. In view of the urgent necessity of the Sanitary Cause and the briefness of the time allowed to make preparations it is ardently hoped that every friend of humanity and every lover of his country residing in Oregon, will respond to this call.

We can say to those at a distance, that ample room and shelter will be provided for all their contributions.

In suggesting these committees we presume that some will be unable to act: to all such we would say, procure a substitute; and should there be sections of country where no committees have been appointed, individuals will please act for themselves and come to the Fair, and see that their donations are on hand, so that no section of country will be unrepresented.

Oregon has heretofore responded nobly to these calls of humanity and now is no time to fail or falter while every telegram brings the sad news of brave men fallen and the work of carnage and death still going on. Shall we, while peace and plenty falls to our lot, forget our bleeding country?

To the Ladies of Oregon we most especially plead, knowing full well that if we have their united support success will crown our efforts. From every woman in the State we crave some article of handiwork. Every description of ornamental work which busy fingered ingenuity can frame; in the long list of knitting, from a pair of socks to the most elaborate shawl, in needle work, from the baby's bib to the finest dress; in clothing for men, women and children, let the variety be so complete that no want may be unsupplied. Every article of female handiwork that will bring enough to pay for time and material.

To the farmers, we look for help; let your offerings be as generous as your hearts and as a kitchen will be one important feature of the Fair nothing will be amiss, whether from the products of the soil, your dairy or your cattle.

From the merchant and manufacturer, miner and business man, let us have a sample of his wares, or the work of his hands, so that our young State may be fully represented in all her growing wealth and greatness.

The County Committees whose names are below are requested to solicit and receive contributions and arrange for their being forwarded to Salem at the proper time. It is desired that the County Committees should appoint sub-committees to aid them in their work; each member of committee recollecting if they cannot act themselves to endeavor to procure substitutes, so that there may be neither neglect nor delay in making the necessary arrangements.

All organized Sanitary Aid Societies are invited to give this matter their especial attention.

To the Loyal Men and Women of Oregon

Many of the patriot Ladies in different parts of the State have expressed to me a wish to be permitted to hold a Sanitary Fair on the grounds of the State Agricultural Society, near Salem during the continuance of the State Fair commencing on the 27th of September. I have not deemed it necessary to call a meeting of the Board of Managers for the purpose of having it considered. I am very sure I do but express the sentiments of those with whom I have the honor to be officially associated when I say that it is with pleasure that they yield to the wishes of these great hearted women.

Resolutions of the Union National Convention

ADOPTED AT BALTIMORE JUNE 8 1864

1 *Resolved*, That it is the highest duty of every American citizen to maintain against all their enemies the integrity of the Union and the paramount authority of the Constitution and laws of the United States, and that, laying aside all differences and political opinions we pledge ourselves, as Union men animated by a common object, to do everything in our power to aid the Government in quelling by force of arms the rebellion now raging against its authority, and in bringing to the punishment due to their crimes the rebels and traitors arrayed against it.

2 *Resolved*, That we approve the determination of the Government of the United States not to compromise with rebels or to offer any terms of peace except such as may be based upon an unconditional surrender of their hostility and a return to their just allegiance to the Constitution and laws of the United States, and that we call upon the Government to maintain this position and to prosecute the war with the utmost possible vigor to the complete suppression of the rebellion, in full reliance upon the self sacrificing patriotism, heroic valor, and the undying devotion of the American people to their country and its free institutions.

3 *Resolved*, That as slavery was the cause and now constitutes the strength of this rebellion, and as it must be always and everywhere hostile to the principles of republican government, justice and the national safety demand its utter and complete extirpation from the soil of the Republic. And that while we uphold and maintain the acts and proclamations by which the Government, in its own defense, has aimed a death blow at this gigantic evil, we are in favor, furthermore of such an amendment to the Constitution, to be made by the people in conformity with its provisions as shall terminate and forever prohibit the existence of slavery within the limits or jurisdiction of the United States.

4 *Resolved*, That the thanks of the American people are due to the soldiers and sailors of the army and navy, who have periled their lives in defense of their country and in vindication of the honor of the flag; that the nation owes to them some permanent recognition of their valor and ample and permanent provision for those of their survivors who have received disabling and honorable wounds in the service of the country, and that the memories of those who have fallen in its defense shall be held in grateful and everlasting remembrance.

5 *Resolved*, That we approve and applaud the practical wisdom, the unselfish patriotism and the unswerving fidelity to the Constitution and the principles of American liberty with which Abraham Lincoln has discharged, under circumstances of unparalleled difficulty, the great duties and responsibilities of the Presidential office; that we approve and indorse as demanded by the emergency and essential to the preservation of the nation, and as within the provisions of the Constitution, the measures and acts which he has adopted to defend the nation against its open and secret foes; that we approve especially the Proclamation of Emancipation, and the employment as Union soldiers of men heretofore held in slavery; and that we have full confidence in his determination to carry on these and all other Constitutional measures essential to the salvation of the country with full and complete effect.

6 *Resolved*, That we deem it essential to the general welfare that harmony should prevail in the National councils, and we regard as worthy of official trust those only who cordially indorse the principles proclaimed in these resolutions, and which should characterize the administration of the Government.

7 *Resolved*, That the Government owes to all men employed in its armies, without regard to distinction of color, the full protection of the laws of war, and that any violation of these laws, or the usages of civilized nations in time of war, by the rebels now in arms should be made the subject of prompt and full redress.

8 *Resolved*, That foreign emigration, which in the past has added much to the wealth, development of resources and increase of power to this nation, the asylum of the oppressed of all nations, should be fostered and encouraged by a liberal and just policy.

9 *Resolved*, That we are in favor of the speedy construction of a railroad to the Pacific.

10 *Resolved*, That the national faith, pledged for the redemption of the public debt must be kept inviolate, and for this purpose we recommend economy and rigid responsibility in the public expenditures, and a vigorous and just system of taxation; that it is the duty of every loyal State to sustain the credit and promote the use of the national currency.

11 *Resolved*, That we approve the position taken by the Government, that the people of the United States can never regard with indifference the attempt of any European power to overthrow by force and supplant by fraud, the institutions of any Republican Government on the Western Continent, and will view with extreme jealousy as menacing the peace and independence of their own country the efforts of any such power to obtain new footholds for monarchical governments, sustained by foreign military force in near proximity of the United States.

It is well known that the medicinal effects of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron without further oxidation has been deemed impossible.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation it remained almost useless until Dr Henry Anders, a physician and chemist of New York, after years of patient labor and experiment discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr J R Chilton of this city, and Prof Booth, U S Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals and its use recommended to practitioners (see "American Medical Monthly," July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price, $1 per bottle. Prepared by Dr H Anders & Co, Physicians and Chemists, New York.

From the army hospital—the bloody battle-field—the mansion of the rich and humble abode of the poor—from the office and the retired desk—from the mountain top, distant valleys and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office.

BEDSBURY, Wis. Sept 16 1864.
* * * I have been in the army hospital for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. * * *

SOUTH WARSAW, O., July 28 1863.
* * * One young man, who had been sick and laid out for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit has been cured by ten bottles of your Bitters.
EDWARD WOUNALI

The following is from the manager of the Union Home School for the Children of Volunteers.

HAVEMEYER MANSION, FIFTY SEVENTH STREET,
NEW YORK, August 2 1863.

"DR DRAKE: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs with most happy effect. One little girl in particular, with pains in her head, loss of appetite and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully, MRS O M DEVOE"

* * * I owe much to you for I verily believe the Plantation Bitters have saved my life.
REV W H WAGGONER, Madrid, N Y

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefitted by their use.
Thy friend ASA CURRIN, Philadelphia, Pa

* * * I have been a great sufferer from Dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.
REV J S CATHORN, Rochester, N Y

* * * Send us twenty four dozen more of your Plantation Bitters, the popularity of which are daily increasing with the guests of our house.
SYKES, CHADWICK & CO
Proprietors Willard's Hotel, Washington, D C

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.
G W ANDREWS,
Superintendent Soldiers Home, Cincinnati, O

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business. H B KINGSLEY, Cleveland, O.

* * * The Plantation Bitters have cured me of a derangement of the kidneys and urinary organs that has distressed me for years. It acts like a charm.
C C MOORE, 254 Broadway, N Y
etc etc etc etc etc

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an *immediate* beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure for the maladies above mentioned and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with firm step, his mind, which was previously sunk in gloom, of an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females.

Are you troubled with that distressing pain in the small of the back and through your hips? CONSTITUTION WATER will relieve you like magic.
